

Support for summer programs

Purpose-built measures and tools from NWEA® provide stable, trustworthy sources of data educators need to make informed decisions. From addressing unfinished learning to working towards proficiency and achievement goals, the MAP® Suite offers the right tools to help educators in summer programs target instruction and improve outcomes for all kids.

map GROWTH

MAP® Growth™ is an adaptive interim assessment that precisely measures student growth and performance. It helps educators understand what students know and informs what they're ready to learn next. **In summer programs**, educators can use MAP Growth data to:

- Help place students in appropriate programs or flexible instructional groups
- Inform scaffolded instructional support for each student
- Quickly connect scores to personalized instruction with more than 25 trusted learning tools like Newsela and Teacher Advisor
- Evaluate summer program outcomes and prepare for fall instructional needs

map Accelerator

powered by  Khan Academy

MAP® Accelerator™ is a personalized learning tool for grades 3–8 that reduces the manual work of differentiating math instruction by automatically integrating class rosters, MAP Growth scores, and Common Core-aligned Khan Academy content to generate learning pathways—complete with lessons, instructional videos, and practice problems.

Use MAP Accelerator **in your summer program** to:

- Provide personalized, focused practice 30 minutes a week to address skills gaps and unfinished learning in math
- Easily monitor student progress and skill development through teacher-friendly dashboards

map Reading Fluency

MAP® Reading Fluency™ is an online, adaptive benchmark and progress monitoring assessment for grades pre-K–5 that efficiently measures oral reading fluency, foundational reading skills, and literal comprehension with a single 20-minute assessment. Available in English and Spanish, MAP Reading Fluency can be used **in summer programs** to:

- Efficiently and effectively screen students at risk for reading difficulties
- Monitor progress for students working on early reading and fluency skills
- Connect to instructional resources through the Florida Center for Reading and the University of Texas, aligned to each student's needs for use in school and at home

nwea Professional Learning

Our professional learning team partners with you to design and deliver measurable, research-driven learning experiences to improve student outcomes. We deliver high-quality online, onsite, virtual, and blended learning experiences that help educators drive measurable impacts in the classroom, offering professional learning support for summer programs in multiple ways:

- **MAP Suite:** Utilize MAP data to inform and support impactful decisions in the classroom, school, and district
- **Formative assessment:** Build strong formative classroom practices to rapidly adjust instruction and empower students
- **Assessment literacy:** Develop educator practice in gathering and applying dependable evidence of learning to support student growth

If you would like to learn more about how NWEA can help your summer program, please visit the [MAP Suite](#) or contact the [Partner Accounts team](#).

nwea

NWEA is a not-for-profit organization that supports students and educators worldwide by providing assessment and learning solutions, insightful reports, professional learning offerings, and research services. Visit [NWEA.org](https://www.nwea.org) to find out how NWEA can partner with you to help all kids learn.
